## Selectmen's Meeting

### SEWER PROBLEMS DISCUSSED

Selectmen met Tighe & Bond engineer Ron Michalski in a detailed review of problems associated with the sewer system and the pumping station. The major problem of the pumping station involves the flow recorder which does not record because it is designed for a much larger flow of water than is moving through the system. Michalski has installed, on loan, a temporary flume system so that delivery to Fairhaven can be determined. Superintendent of the Water Department Charles Morgan brought up other matters that have not been corrected such as undelivered grates to be installed over the wells, and also odors emanating from the wells. Michalski said that he thinks the odor is due to an uncaulked hole in a switch installation. For the present, the temporary flow flume will be calibrated so that volume to Fairhaven can be recorded to "plus or minus 1%" but for the foreseeable future no installed gauge can measure this flow.

peared, once again, to ask that Selectmen arrange an executive session with Highway Surveyor Manuel Nunes to discuss a project completed by the highway department after the town meeting declined to raise or appropriate the money for it. A previous executive session had been set up but had not been attended by the Highway Surveyor. Chairman John DeCosta and William Hubbard informed Mr. Dexter that he is solely responsible for inviting Mr. Nunes to such a meeting as they have no authority over the Highway Department but would be most happy to attend a joint executive session with Mr. Nunes and Mr. Dexter. Mr. Dexter replied that such an approach had been rejected and he alleged that threats had been made against him.

Selectmen DeCosta and Hubbard said that they had extended Mr. Dexter every courtesy available under their power but could do nothing for him in this matter.

In a second matter, Mr. Dexter said that he had read about the brass plate to be installed on the swordfish standard and suggested that it be made of bronze and that the base of the pole be strengthened.

## Three Improvements?

Editorial, D.C.J.

There are 3 projects pending by the Commonwealth that probably are viewed by the legislature as improvements for town government. Down here, looking up, they may be seen in a very different perspective. Unless there is some input from the grass roots, you will have the result to live with. Rep. William MacLean is in the process of setting up meetings on 2 of these proposals and he is well aware of the implications of the third.

The photo above is of the DPW yard between I195 and a residential area on North Street, directly across from the New Design building. This yard probably has been little noticed since it was established because it is screened from North Street by some 400 trees and natural underbrush. A while ago, Mattapoisett Selectmen requested the State to establish a commuter parking lot at the

DPW yard. The contract has now been let to remove the 400 trees and establish the

the dust from the salt and sand piles. If you have an opinion on this, this is the time to express it and we are sure that Rep. MacLean will consider those views with serious interest. The commuters at present are leaving cars (now numbering 3) across the street at New Design. The parking lot will have the area to park 80 cars in an area of 470 x 70 feet.

Another State proposal is the choice of widening Route 6 or else making it a 2-lane road flanked by 2 breakdown lanes. Widening this road will add 4 feet to its width. It will involve land taking, considerable curb relocation, possible pipe problems and presumably a long term construction at high cost. The alternate proposal would make a two lane road of the now 4 lane highway and establish a breakdown lane on each side of the one lane in each direction which cannot be used for travel. There is still considerable local use of this highway. It is doubtful that traffic on the local scale will trickle to the point where this proposition will be attractive to many. Rep. MacLean is in the process now of setting up a 3-town meeting on this matter. Mattapoisett Selectmen have invited local opinion to

be directed to the Town Hall. Your letter could have impact on the decision. Rep. MacLean in a recent conference with Selectmen remarked that with cars' size shrinking rapidly he wondered why an increase of from 12 to 14 feet per lane was seen as needed. This is an excellent question. What is the matter with the present road? Why do the alternatives not include the road as it is now? Write your opinion to the Selectmen at Mattapoissett Town Hall.

A third and most serious proposal of the trio involves a financial disclosure statement from people running for local office. This is the most serious because it may well discourage intelligent management-trained people from public service in local government. Public service still exists in government on the local level but is is doubtful that sacrifice of time and effort can be encouraged by forcing people to lay bare their financial affairs before assuming the no pay or low pay direction of town affairs. One look at the slate for local election will hit you hard. There is

only one contested office for the next town election. For the most part, incumbents who have held office are seeking re-election, some out of a sense of duty because to leave office is to leave it vacant. The State is forever putting burdens on local office holders involving sacrifice of time and unnecessary effort. To further discourage townspeople from serving the town is very danger-

Of all the proposals now pending, this financial disclosure bill is the worst. It can do nothing for the towns but discourage the people who are best equipped to manage local affairs. Comments on this bill should be directed to Rep. MacLean at the State House.

three towns have done in the local communi-  
ties. We know what Lions have done to help  
the visually handicapped throughout the world.  
A Lioness Club will give women this same  
opportunity to express their concern for human  
need through service activities that benefit  
communities both near and far. Lioness mem-  
bers work side by side with other women and  
men who share their ideals, who are simi-  
larly committed to helping change the world  
for the better. They have the opportunity  
for cultural exchange and for international  
friendship and understanding. They enjoy  
the fellowship of the local club and the  
friendships that arise from it.

Membership in a Lioness Club is not re-  
stricted to Lions' wives. Any woman who  
would like to work toward the above princi-  
ples is welcome to join.

The Mattapoisett Lions Club sponsored the  
Marion and the Rochester Lions Clubs so  
now it is appropriate that the three towns  
join together to sponsor a Lioness Club.

A large turnout is hoped for at the March  
28 meeting so that women in the three towns  
will have an opportunity to learn more about

## Letter to the Editor

Dear Editor:

My name is Kristi Ainslie and I play on the Sippican School Elementary girls' basketball team. We play basketball every Wednesday night from 6 to 7:30 p.m. The boys play basketball six nights a week and we only play once. In two weeks we will not be able to play at all because we have to let the boys take our place. They play more than the girls and I don't think it's fair. Why can't the girls play as much as the boys?

Kristi Ainslie, Grade 6,  
Sippican School

year old grandson, and my daughter in Middleboro, she got the impression that it was me trying to call her for help. Apparently he said her name real low twice, and then refused to talk, which I did not know at the time.

As my daughter is aware I had a stroke one year ago in Florida, she just panicked immediately, and called the Mattapoisett Police Department from her home in Middleboro. They were here at my home in five minutes, with an ambulance on the way. Thank God it was a mistake, but also thank God for a wonderful Police Department in the town that we live.

In my opinion, they make this a better town to live in, and I will always feel much safer now, knowing if anything did happen to me, they would be here so quickly to help me.

Thanks again,  
Charlene Diggins, Fairhaven Road,

### Bowling League

ROCHESTER BOWLING LEAGUE-MARCH 11

Guaranteed Pest Control with a 352 by Bob Ouellette snatched defeat from the jaws of victory by dropping two points in their contest with Hartley Saw Mill (Henry Hartley 406). Herb Snell, all limbered up from exercising his dog "Hansie", bowled a 376 to lead his T.V. team to a two point win over Sturtevant and Hook (Charlie Weller 357). Jack O'Leary led all bowlers for the night with a 413 but could not stop a two point loss for the BowlMor team at the hands of Bob Smith (394) and the Marion Golf team. Bourassa Hardware struggled on alleys 11 and 12 in their match with Nanfelt's. In the two point loss Bourassa's high man was Wayne Harrison with a 178 single and 389 three string total. Art Tripp's 373 was high for the "Minks".

### ORIENTATION PROGRAM AT OLD COLONY

In cooperation with the Guidance Department of Old Colony Regional Vocational Technical High School, the Old Rochester Regional Junior High School will participate in a one-afternoon orientation program for each of the two participating towns on Tuesday, March 25, and Wednesday, March 26. On March 25 seventh grade students from Mattapoisett will be transported to the Old Colony Regional Vocational Technical High School in Rochester at the conclusion of our regular school day. On March 26 the seventh grade Rochester students will be given the same opportunity.

At the vocational school they will be given the opportunity to experience, in depth, one of the several shops available to them as prospective 9th grade students. During the time they are there, each student will work on a project which is designed to be completed during the one session. Students in Data Processing will have an opportunity to learn how to work a computer; students in welding will make

a simple metal plant hanger. In like fashion, the Culinary Arts, Drafting, Cosmetology, Health Services, Machine Shop, Automotive, Electronics, Carpentry, Electricity, and Offset Printing shops will

present their own unique one-time project.

The student groups will be kept small and well supervised. Judging from past experience with the program, the students who participate have an enjoyable experience and learn a great deal about career areas. They also learn a great deal about themselves and what they can accomplish in an afternoon.

The orientation program is intended to last from 2:30 - 4:30 p.m. on those days. Transportation is being provided to and from the school. Some adjustments in bus routes and pickup are being arranged for that day. We trust that all parents of 7th grade students from the two towns will view this effort as a worthwhile career/educational experience and will cooperate with the slight inconveniences caused by the after-school arrangements. We would like all students to participate, if possible.

The Walking Tour program began two years ago. The guides give tours seven days a week, twice daily, to local and out-of-town visitors to the Waterfront. During these two summers, more than 10,000 people have been escorted through the Historic District.

The training program will begin on Monday, April 28, meeting from 9:00 a.m. to 12:00 noon for six weeks, on consecutive Mondays.

Some of the subjects covered in the course will be History, Architectural Styles, Revitalization, Tourism, Current Happenings on the Waterfront. Speakers will include Richard Kugler, Director of the Museum; Max Ferro, Architect; John Bullard, Agent of WHALE; and Barry Darwell, Director, Office of Tourism.

Last year's guides included both men and women, of all ages, who shared a love of history, people and walking. Come to the planning session, Monday, April 14, and become a part of this active group.

### STRING QUARTET FROM LINCOLN CENTER TO PLAY AT KEITH

Chamber music lovers are in for a rare musical treat when four distinguished artists from the Chamber Music Society of the Lincoln Center (New York) appear in concert at the Keith Junior High School auditorium, New Bedford, on Tuesday evening, March 25, at 8:15 p.m. This will be the final concert in

the Greater New Bedford Concert Series 1979-1980 season.

The four artists - playing together as a string quartet - are among the finest chamber artists of our time and have, in addition, carved out enviable careers as soloists on their individual instruments.

The first violinist is James Buswell, one of America's finest young artists.....a soloist with most of the major symphonic ensembles of America and Europe. Second violinist is Ani Kavafian, winner of the Avery Fisher prize and the Philip M. Faucett String prize - and soloist with the Pittsburgh Symphony and the New York Philharmonic orchestras. Walter Trampler is the violist. Many musicians consider Mr. Trampler to be the finest violist of these times. A founding father of the Lincoln Center Chamber Society, a viola recitalist without superior, a soloist with many of the great orchestras of the world, Mr. Trampler brings particular distinction to his position in the quartet. Finally, though not the least among the artists of the quartet, is the cellist, Leslie Parnas, well remembered in New Bedford.

ford for his two outstanding concerts in years past. Pupil of the late cellist, Gregor Piatigorsky, Mr. Pamas won the first prize in the Tchaikowsky International Competition and the Prix Pablo Casals. Besides his many solo appearances, he is known for his distinguished participation in the Berkshire Music Festival, The Casals Festival in Prades, The Marlboro Festival, and others. The program on March 25 will feature three quartets....by Hayden, Verdi and Shostakovich. Non-holders of series tickets may gain admission to the concert by the purchase of tickets at the door.

### Las Vegas Night

Middleboro Emblem Club #98 will sponsor a Las Vegas Night on Friday, March 21st, from 7:00 to 12:00 at the Elk's Lodge on High Street.

### PREVENT FALLS

- When reaching for items stored in high places, use a stable stepladder or stool. Standing on chairs, countertops or drawers is asking for trouble.
- Place a non-slip mat in front of your kitchen sink to prevent falls caused by wet floors. A rubber suction-type mat or skid resistant strips placed in the bathtub may prevent falls in this problem area.
- Walk — don't run. Running may save a little time but only by increasing the risk of serious injury.
- Keep halls and stairways well lighted. Keep a flashlight by the bed to help if you move about in the dark.

### MATTAPOISETT RESIDENT TO STUDY ABROAD WITH P. C. PROGRAM

Kathleen M. Quinlan, a Junior at Providence College, will be participating in the college's Providence-In-Europe program, which provides an opportunity for qualified students to spend their choice of one or two semesters studying at a European Institution of higher learning.

Miss Quinlan, who is the daughter of Dr. and Mrs. William J. Quinlan of 2 Hitching Post Road in Mattapoisett, is a Business Marketing major at the Dominican College. She will be studying at the University of Fribourg in Fribourg, Switzerland during the second semester of the 1979-80 academic year.

Established in 1889, the university is a bilingual institution offering liberal arts courses in both the French and German languages. Students reside in private homes in the city of Fribourg, which has a popu-

lation of 40,000. The program, in which a Providence College administrator serves as the European resident director in Fribourg, provides students with the advantages of travel and first hand contact with other cultures. Although the study-abroad program is sponsored by Providence College,

#### MORTGAGEE'S SALE OF REAL ESTATE

By virtue and in execution of the power of sale contained in a certain mortgage given by NEW ENGLAND BOAT BUILDERS, INC. to PLYMOUTH-HOME NATIONAL BANK dated October 1, 1975 and recorded with Plymouth County Registry of Deeds in Book 4104, Page 713, such mortgage covering property located in Mattapoisett, Plymouth County, Massachusetts, of which the undersigned is the present holder, for breach of the conditions therein contained and for the purpose of foreclosing the same there will be sold at public auction on Thursday, April 3, 1980 at 11:00 o'clock A.M., on the premises, the premises described in said mortgage, namely:

The land, with the buildings thereon, shown on a plan entitled "Plan of Land in Mattapoisett, Mass., Prepared For Plymouth-Home National Bank, September 16, 1975, Scale: 1" = 100', Arthur C. Thompson, Inc. Engineers & Surveyors, Marion, Mass.", such Plan being filed herewith in Plymouth County Registry of Deeds, and such parcel being bounded and described as follows:

BEGINNING at a stake in the westerly line of Ocean Drive at the northeasterly corner of the premises to be described; thence  
SOUTH 23° 33' 07" East by the westerly line of said Ocean Drive 200.00 feet to a stake; thence  
SOUTH 66° 26' 53" West by the said Ocean Drive 7.00 feet to a stake at the northeasterly corner of land formerly of Charles N. Decas; thence  
SOUTH 65° 46' 54" West by said last named land 106.45 feet to a stake; thence  
SOUTH 10° 29' 08" East by said last named land and land now or formerly of David J. & Katharine M. McIntire 544.75 feet to a drill hole; thence  
SOUTH 83° 15' 52" West by said last named land 132.63 feet to a stake; thence  
NORTH 25° 18' 07" West by remaining land of Plymouth-Home National Bank 682.09 feet to a stake; thence  
NORTH 64° 41' 53" East by said last named land and land now or formerly of Allen W. & Ruth L. Elsbree 384.57 feet to the point of beginning.

Said parcel contains 4 acres 1,548 square feet, more or less, according to said Plan.

Said premises will be sold subject to unpaid taxes, water liens and betterments, if any there be.

TERMS OF SALE: Five Thousand Dollars (\$5,000) in cash, certified check or cashier's check will be required of the purchaser at the time and place of sale. The balance will be due at the office of WILLIAM D. CROSBY, 203 West Elm Street, Brockton, Massachusetts, Attorney for the Mortgagee, within thirty (30) days of the date of sale. Other terms of sale will be announced at the time and place of sale.

# The Area's Largest HEAD Dealer

**The Vilas**

Head wedge adds weight and strength to the top of the racket for a larger, oval-shaped sweetspot.

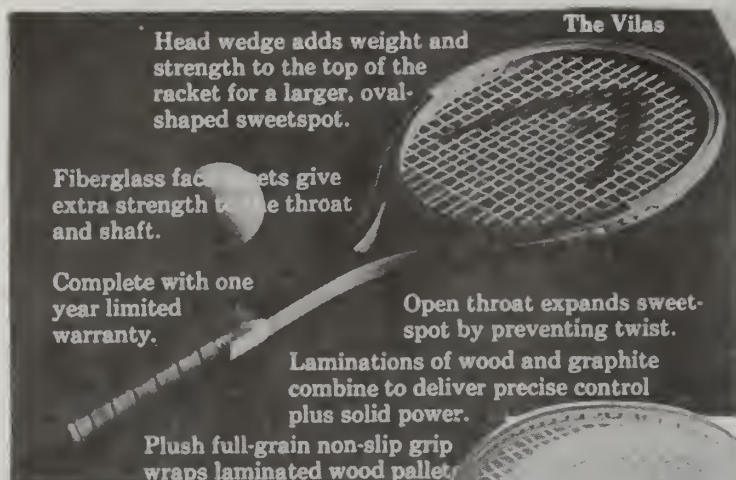

Fiberglass face sheets give extra strength to the throat and shaft.

Complete with one year limited warranty.

Open throat expands sweetspot by preventing twist.

Laminations of wood and graphite combine to deliver precise control plus solid power.

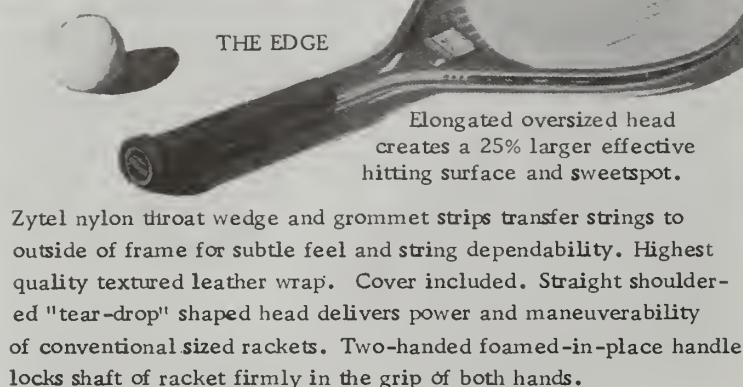

Plush full-grain non-slip grip wraps laminated wood pallet.

**THE EDGE**

Elongated oversized head creates a 25% larger effective hitting surface and sweetspot.

Zytel nylon throat wedge and grommet strips transfer strings to outside of frame for subtle feel and string dependability. Highest quality textured leather wrap. Cover included. Straight shouldered "tear-drop" shaped head delivers power and maneuverability of conventional sized rackets. Two-handed foamed-in-place handle locks shaft of racket firmly in the grip of both hands.

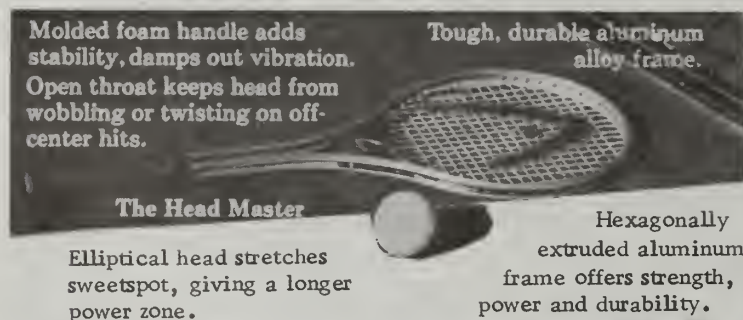

**The Head Master**

Molded foam handle adds stability, damps out vibration. Open throat keeps head from wobbling or twisting on off-center hits.

Tough, durable aluminum alloy frame.

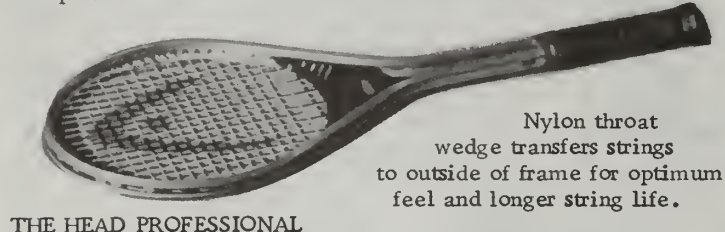

Hexagonally extruded aluminum frame offers strength, power and durability.

Elliptical head stretches sweetspot, giving a longer power zone.

**THE HEAD PROFESSIONAL**

Nylon throat wedge transfers strings to outside of frame for optimum feel and longer string life.

**The XRC**

One piece, "blow molded" torsion tube of fiberglass epoxy forms the frame.

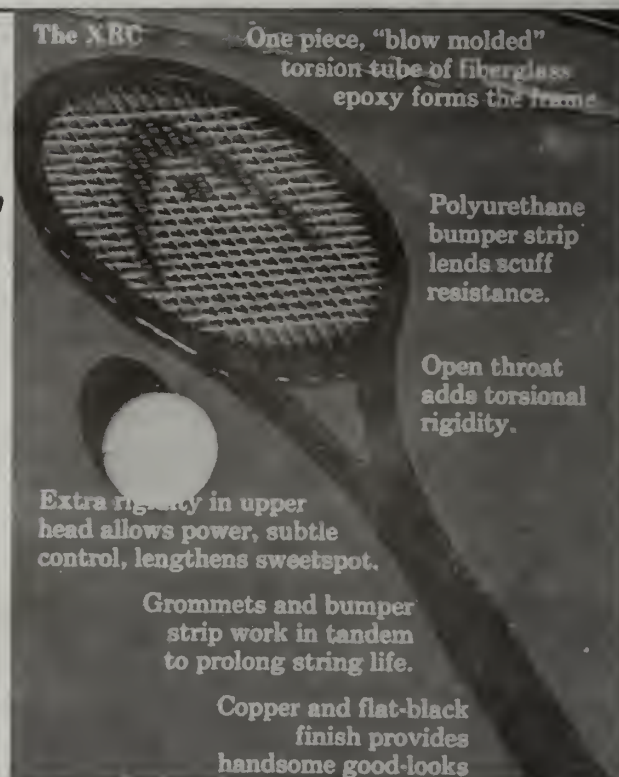

Polyurethane bumper strip lends scuff resistance.

Open throat adds torsional rigidity.

Extra rigidity in upper head allows power, subtle control, lengthens sweetspot.

Grommets and bumper strip work in tandem to prolong string life.

Copper and flat-black finish provides handsome good-looks.

**Meet the Master**

The Master... formulated, balanced and refined for true performance. Ultimately, a purposeful blend of material and mechanics, the Master is an engineering triumph.

Protective Zytel® nylon bumper and grommet strip

6061 aluminum I beam extrusion for lightness and controlled flex

Variable string pattern test proven most effective for Master shape and composition. Prestung at 28 pounds with Head Nylon.

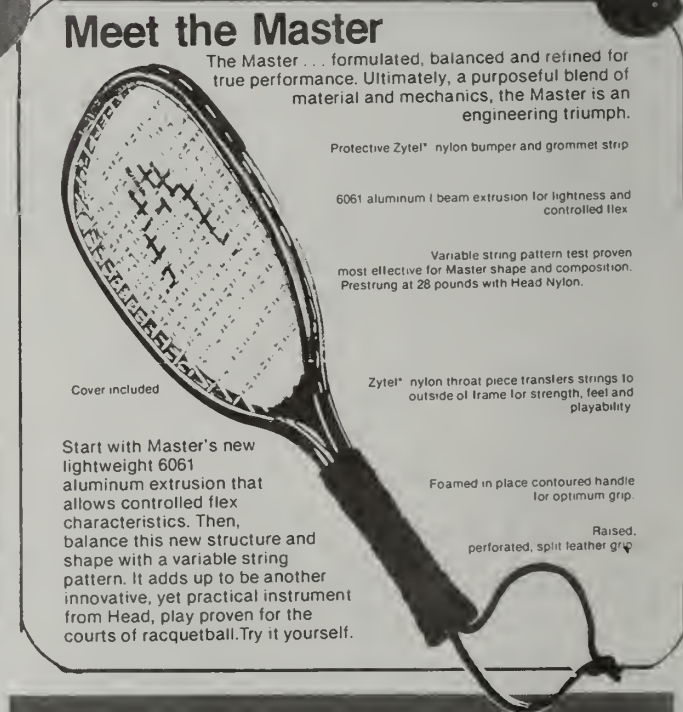

Zytel® nylon throat piece transfers strings to outside of frame for strength, feel and playability

Foamed in place contoured handle for optimum grip.

Raised, perforated, split leather grip

Cover included

Start with Master's new lightweight 6061 aluminum extrusion that allows controlled flex characteristics. Then, balance this new structure and shape with a variable string pattern. It adds up to be another innovative, yet practical instrument from Head, play proven for the courts of racquetball. Try it yourself.
